We have a facebook page (Savannah Masters Swimming), which has all of this info, plus we post pool closings, meet opportunities, and other relevant junk. We also communicate a lot more through our Group Me. See Coach Ben to get in.

How to sign up and pay dues:
1- Dues are $50/month- no need to join the pool. (Student rate is $30). Only pay for the months you attend. Our dues go to lane rental and paying our coach, Ben Umbreit.
2- You also need to join US Masters Swimming. This primarily gives us insurance. When registering, choose Georgia (obviously) and SAVMS as your club.
3-You will also need a scan tag to "check in" to the pool each morning. Sign up for a RecDesk account and create a profile. In the "Note Section" of your profile, write that you are affiliated with Savannah Masters.

Dues are due on the first of the month. Only pay for the months you swim.

Best payment method: Venmo.

1. Create a Venmo account.
2. Download app to your phone, because the website has limited capability.
3. Once logged in, Click the icon at the top right. Click "Get started" (first time only).
4. Type @SavMastersSwimming into the search box. Select us.
5. Type "50" into the amount. You can add a memo like "February dues" or "get your lazy butt back to practice".
6. Click "Pay" button.
7. Note, just above the pay button, you can choose to make the transaction public, friends only, or private. This is entirely up to you. Only the

payor and receiver can see the amount sent. Please do not click “this is a business,” then Venmo takes a cut and SAVMS doesn’t get your full dues.

8. Optional: You can "Friend" Savannah Masters to shortcut finding us each time.

Venmo transfers take at least a day to process. So in order for me to pay our bill at the beginning of the month, please plan on some lag time and transfer your money earlier rather than later.
